Childhood Vaccines:

Any child from birth through 18 years of age is eligible to receive VFC-supplied vaccine if he/she meets at least one of the following criteria: The child does not have health insurance. The child is enrolled in Medicaid (including Medicaid HMOs). The child is an American Indian or Alaskan Native. The child has health insurance that does not pay for vaccines. If eligible for VFC vaccine the vaccines are provided at no cost to children through the Vaccines for Children Program. However, there is an administration fee of \$15 per vaccine with a cap of \$60 per child.

For children that have private insurance that the DCGHD accepts, privately purchased vaccine will be provided. The DCGHD will bill the insurance for the privately purchased vaccine they receive and an administration fee.

Adult Vaccines:

Any adult age 19 and older is eligible to receive 317-grant funded vaccine if he/she meets at least one of the following criteria: The adult does not have health insurance or is considered *underinsured. 317 vaccines may not be used to vaccinate fully insured adults, adults with Medicare Part B, or adults with Medicaid coverage for vaccines. Not all types of vaccines are available through the 317-grant program.

For adults that have private insurance that the DCGHD accepts, privately purchased vaccine will be provided. The DCGHD will bill the insurance for the privately purchased vaccine they receive and an administration fee.

*To determine if you meet the criteria to be considered underinsured call (937) 548-4196 X224 and talk to our Billing Specialist.

If an individual does not have private insurance and does not meet the criteria for being considered underinsured the vaccine prices at this time (October 2017) are:
