COMMENTS (continued)

"Man to discuss issue. Maintenance man stated a pipe started leaking really bad last night in the pump room. During re-inspection no water was observed to be leaking.

Alkalinity & other chemicals were not tested because of pool being down for repairs. Records indicate alkalinity has been 160 or 70 ppm this week. Records also indicate Free & Total chlorine have been 2.0 ppm this week.

(4D8) A pool test kit. 4 way was purchased from ACE Hardware. Discussed the licensee shall maintain a test kit in good repair & it shall be capable of measuring parameters consistent with required chemical residuals. A DPD test kit or FAS-DPD test kit shall be used.

(4E2e) Phone located in pool area has been removed; however, no signage was available in pool area to indicate where the emergency phone is located. The owner stated it is on ____________ .

(4E2e continued) the counter located across from breakfast area. I received no dial tone from this phone. Discussed again a working telephone or an emergency call box shall be available for emergency use during all parts of the year a public swimming pool is in use. The emergency device shall be at a public swimming pool or within 500 feet of the public swimming pool. The emergency device shall remain continuously connected to a power source, as appropriate, and operational at all times. A sign shall be provided if the emergency device is not visible in the public swimming pool area. The sign stating the location of emergency device shall indicate the location of the emergency device shall have on it the name & telephone number of the nearest available police station, fire station, & rescue unit & any other names & telephone numbers likely to be needed in an emergency event.

(4B4c) No records of controllers being tested & maintenance man on duty unaware of how to test it because he just started & came back temporarily yesterday to help out. He has not worked here for over a yr & unaware of

COMMENTS (continued)

(4B4c) Discussed controllers shall be maintained &
to log monthly test on weekly pool operation
& incident report sheets

- Pool paint color information provided. The color
used was Aqua Green 300 by Ramuc Pool
paint products. Discussed this color is on the
approved list provided by ODH.

- Owner stated Ecolab was out & a new system will be
installed. Owner called his Ecolab contact & had
him talk to me. Ecolab contact stated a new
system will be installed & that it will be sent
to ODH for approval & that he will show them
how to test the controller & how to use the new
test kit to maintain their pool properly.

*Recommended keeping pool closed until plumbing
system in good repair, chemicals for water quality
are in compliance, & emergency device is available
and working. This follow-up inspection will be
discussed with environmental director. Please call when pool
is going to reopen.
