---

Please note: The well must be inspected. Updates to the well may be necessary by an alteration, or a new well may need to be drilled.

**Is this sample for a home sale or home refinance? YES NO**

**Is this sample for a land split? YES NO**

*If yes to either question above, this form cannot be used for home sale/refinance or land split inspections. Please use the appropriate application available at the Health Department for those inspections.*

**If the pre-screen is positive, a laboratory sample for nitrates will be collected and you will be subsequently billed the laboratory fee for nitrates.**

By signing below, the homeowner/applicant understands that the health department may inspect the components of the private water system from which the water sample is requested. The owner/applicant also understands that upgrades may be required if deemed appropriate and/or necessary in order to protect public health or safety per OAC 3701-28-19. If for any reason the appointment needs to be cancelled or rescheduled, you must call at least 24 hours prior to the originally scheduled appointment.

We recommend chlorinating the well before we take the water sample. Instructions for chlorination are available at the health department or on the website [www.darkecountyhealth.org](http://www.darkecountyhealth.org). However, all of the chlorine must be flushed from the system before we take a sample.

The applicant understands the water system rules require the water system to be flushed for a minimum of 10 minutes prior to taking the water sample. A faucet or spigot must be turned on to take the sample. The applicant is responsible for ensuring the water faucet/spigot are in good condition and turned off to their satisfaction upon leaving. The Health Department is not responsible for faulty faucets or drains.
